villette@live.com

Highly motivated software developer transitioning from a career as a teacher. I initially taught myself to code using Javascript but then pursued a full stack development program at University of Arizona to perfect and grow my skills.

Technical Profile

- JavaScript
- MySQL
- CSS
- Bootstrap
- HTML
- Git
- jQuery

Work History

2022-04 - Current

Full Stack Development Student

University Of Arizona, Online, Arizona

- JavaScript, HTML, CSS, jQuery, Bootstrap, Node.js, MySQL, MongoDB, Express.js, and am learning React.js
- Programs used include VS Code for coding, Insomnia & Postman for full stack apps, and deployments on GitHub for repositories and front end webpages, Heroku for Node apps, and Vercel for front end and React apps.
- My portfolio (<https://villette.vercel.app>) includes front end vanilla JavaScript apps, apps that populate data to the UI from API calls, backend apps using Node with user input in the terminal, and full stack apps that use Express and MySQL as well for users to direct input into the terminal and have information populated to the UI.

2021-12 - Current

Substitute Teacher

Deer Valley Unified School District, Phoenix, Arizona

- Took over class for regular classroom teacher, managing lectures, assignments, student needs and recordkeeping.
